

## FE - FC Holden Car Club of SA Inc.

Hello Historic Vehicle Owners

I have created this web page on our club web site which is on the next few pages.

The information is very important for the members and new members who have historic registration for their FE or FC Holden. Changes made by the Registrar of Motor Vehicles have a major impact in how we manage and operate the Historic Registration within our club.

Four of the most important parts to this Code of Practice for you.

1. You must be a financial member of the FE – FC Holden Car Club of SA Inc.
2. You must have your car inspected by the clubs authorised person.
3. You fill in a Statutory Declaration each year and is signed by a Justice of the Peace or by one of the other options listed on the Statutory Declaration.
4. You must bring your Registration papers with your Statutory Declaration.

This must all be done within 2 months of our end of financial year otherwise we as elected officials of the club need to report your failure to comply to the Registrar of Motor Vehicles.

This change cannot be taken lightly because our club can be audited and if we are found to be not abiding or complying with the Code of Practice we can lose our ability to offer Historic Registration through our club. This will have a flow on effect of losing members who cannot get Historic Registration to other clubs and eventually lead to the closure of our club. As President of our club and signing to say we will as a club abide by the Code of Practice, then we need to make this work and eventually when the modified cars are allowed to join a similar scheme we will support that as well to the benefit of all members.

***Please read all of this information below.***

Thanks for your assistance
